X-Ray Survey For Lac la Biche

By AUDREY B. COAST

A chest x-ray survey is coming to Lac la Biche during the latter part of October. A survey of this kind can only be successful when the co-operation of everyone in the community is received. Local organizations and some high school students are spending much time and effort looking after the administrative phases and necessary preparations. To make it a complete success, everyone should attend when the unit comes to town and have your chest x-rayed. This service is absolutely free, painless, and takes only a few minutes of your time. You, yourself, are primarily the one to benefit, but in the case of a positive report, you are endangering the health of your family, friends and daily associates.

Anybody can catch tuberculosis. Doctors tell us to have a chest x-ray regularly because t.b. usually gives no warning—you don't feel sick. Such x-rays can find tuberculosis in the lungs easily when it can most easily be cured. You probably don't have t.b. now, but you should make sure.

You don't inherit tuberculosis—you aren't born with it! You catch t.b. from someone who has it. It can be caught in the following ways:

1. By breathing air with t.b. germs in it; germs put there by people coughing, sneezing or spitting.
2. By kissing someone who has active t.b.
3. by putting to your mouth articles that were not sterilized after being used by someone who has t.b.

Watch your local paper for exact dates and the place where the t.b. mobile clinic is to be held.

EP Ranch Gets Herd, No Duke

The first of a new herd of pure-bred Hereford cattle from Scotland is expected at the Duke of Winsor's ranch on or about Oct. 1, but it is unlikely the Duke himself will visit the ranch this year.

The initial shipment of about 25 head, to be developed into the biggest herd of its kind in Canada, began the rail journey from eastern Canada last week.

The shipment is being made by the EP Ranching Co., the recently-formed British group that has taken over responsibility for the ranch from the CPR's colonization branch.

When the announcement was made July 30 that the new company was taking over, it was indicated the Duke would make an early visit to the ranch. He and the Duchess now are in New York.

However, sources in Calgary said it could be assumed the Duke would not be visiting the ranch in the near future or it would be known here by this time.

First Frost

The first damaging frost of the season struck the town Wednesday night, Sept. 26. Flowers, which have kept their brilliance until now, could not take the blast from Jack Frost. Some ice could be seen here and there Thursday morning.

Princess Grace of Monaco, the former Grace Kelly, was the luncheon guest of the Overseas Press Club in New York. She is wearing a long black wool coat, brightened by a cherry red satin scarf. Her broad-brimmed flat brushed beaver hat is set off by a white orchid on her shoulder and diamond earrings with a pearl set in a small diamond wing.

Plebiscite On Controversial Money Bill For Athabasca M.D. Postponed

By HENRY THOMPSON

The controversial subject of another location for new offices for the Municipal District has been postponed. Strict economy measures taken by the Council to improve the financial standing of the M.D. would not be justified, if such a heavy undertaking was proceeded with this year.

In other days, the railway was the most important link to the centres of population. Since the advent of better roads and good highways, these latter bear the bulk of transportation and passenger service. Under the old system councillors were elected at large and not by divisions as now.

Frequently the councillors were elected grouped in a small area that was not completely representative of the whole territory. The former situation contributed to the choice of Meanook as the M.D. centre.

There can be no question of the need for a more suitable location. Since the choice of Meanook many years ago, great changes have taken place in the centres of population. The extended lines of the present area contained in the M.D. makes some adjustments imperative.

The volume of business and the much wider range of responsibilities handled by the council today, makes it necessary to improve and bring up to date every facility for speedier and more efficient management of the people's business. Unfortunately, added duties of your council by government legislation have outgrown the taxable resources of the municipality.

Increased costs of services organized by government policies and quite naturally demanded by the people through their political representatives have not made the task any easier.

If full time were charged, outside of the monthly meetings for all investigations on complaints and requests for services, the cost to the M.D. would be exorbitant These matters are becoming a serious drain on a councillor's private business.

Comparison by use of other financial statements from municipal district of similar size and conditions, will show the Athabasca M.D. with a more favorable lower cost for councillors' fees than many of these others. A creditable record, when considering the tremendous amount of work that has now become part of regular council business.

Worker Injured In Cave-in

GRASSLAND — Francis Garnier, who has been working at Anzac, sustained serious injuries suffered in a cave-in while working on the foundation of a new building. Almost completely buried, he was rescued by fellow workers but was found to be suffering from a broken leg.

After treatment in the company hospital at Anzac for about 10 days, he returned home on Tuesday With his leg in a cast, he is able to hobble around on crutches. He will probably be off the job for four months.

Business Tax Assessment Complaints To Be Aired Before Court Of Revision

Lac la Biche Town Council met Tuesday evening, Sept. 25, with all members present. The date for sitting of the Court of Revision to hear complaints of business tax assessments was set for October 9.

The secretary, F. D. Creighton, was appointed as enumerator for preparing the 1956 voters' list. A committee comprised of Mayor Hamar and councillors Maccagno and McMillan was named to meet with members of the fire brigade on Oct. 3 to endeavor to work out a satisfactory arrangement whereby firemen will receive some financial remuneration for time spent at regular practices. Steps are being taken to engage a land surveyor to survey the town's nuisance grounds as well as part of the cemetery.

The matter of applications for town constable was brought up and five applications were read. After carefully examining each application it was decided to secure further references before making a final decision.

Authority was given for fire chief to install a siren on his own truck, providing it be used only for fire purposes. Complaints had recently been received from members of the fire brigade, saying that when the fire alarm is sounded too many curious citizens get out with their cars and obstruct traffic, until some of the firemen and even the fire truck have difficult getting to the fire. Chief Dobson hopes that he may be able to remedy the situation to some extent when he gets a siren on his pick-up. The council plans to pass a by-law relating to fire protection as soon as all details can be worked out and a proper by-law drafted.

Approval was given for consolidation of tax arrears on four separate parcels of property. A building permit was approved for an addition to a dwelling with estimated cost amounting to $350.00.

The secretary was asked to write sports grounds informing them that some buildings had been broken into and were being made use of for parties.

Accounts totalling $806.95 were passed for payment.

New Pastor Arrives

LAC LA BICHE — Rev. Andrew Teteranko and family arrived a short time ago to take over the parishes of the Ukrainian Orthodox Church, left vacant by the transfer of Rev. Zubritski. Mr. Teteranko comes from Saskatchewan, where he had his first preaching appointment.

Members of the Lac la Biche congregation are working long and faithfully to finish the painting and decorating in the new comfortable manse, being rushed to completion for their pastor and family. Many hours of volunteer labor, by both men and women of the congregation, have gone into the finishing of the commodious church and modern six - room manse, although contractors were hired for the major portion of the work. The structures are proof of the zeal and co-operation of the congregation.

As well as serving the Lac la Biche church, Mr. Teteranko will care for the parishes of Craigend, Wandering River, Grassland, Sarrail, Noral and Boyle.

Mr. and Mrs. Richard Chisholm and children of Edmonton visited at the home of Richard's parents, Mr. and Mrs. C. E. Chisholm, over the week-end.

Diplomas Awarded

PLAMONDON — A social evening was held recently in the community hall when diplomas and awards for grade 9 and 12 departmental examinations were presented to the graduating students.

Paul Piquette, master of ceremonies, was also guest speaker.

Emile Plamondon, divisional school trustee; Arthur Girard, school teacher; and Rev. Father Noel, Atmore's parish priest, had the honor of distributing the diplomas and prizes to the students.

For entertainment, members of the Students' Union held a sing-song.

Lunch was prepared and sold by the high school girls.

Father Ricard congratulated the grade 9 and 12 graduates.

Shower Held

PLAMONDON — On Sept. 26, a surprise party was held in honor of Simone Menard at her home. Sixty guests attended and showered her with lovely gifts.

Dancing was enjoyed to the music of the Blue Star Ranglers.

Lunch was served at midnight.

We Congratulate

Mr. and Mrs. Eugene Strumelak of Spruce Valley on the the birth of a daughter.

Mr. and Mrs. Henry Michetti of Hylo on the birth of a daughter, Sept. 23.

Mr. and Mrs. Wilbert Belanger of Plamondon on the birth of a daughter, Sept. 23.

There was a time when most people read good books. They still read books.

Hotel Reports Busy Season

Officials of Banff Springs Hotel at the Rocky Mountain holiday resort of Banff, report that some 87,000 guests registered at the 600 room hotel during the summer months.

The largest guest registration for one single day was 1,006—this set a new record.

Seventy-eight percent of the visitors were from the United States.

The hotel which opened its doors May 25, closed them on September 19.

Shooting Accidental, Boy's Mother Claims

EDMONTON — The widow of W. Earl Van Alstine, who shot and killed his three-year-old son, Bruce, and then turned the gun on himself, says her husband accidentally shot the child while cleaning the new gun he bought to shoot groundhogs.

Mrs. Van Alstine told police her husband then ran from their farm home at High Prairie, and completely despondent, fired a bullet into his head.

The man died early Sunday, several hours after the incident, on a train, which was bringing him to medical treatment in Edomnton.

Van Alstine was born in Saskatoon and came to Edmonton several years ago where he went to school. RCMP said an inquest will be held.

Ghouls Desecrate Veteran's Corpse

ALBERNI, B.C.— A male corpse buried about one month ago, was pulled by hoodlums from its grave in the veterans' plot of a cemetery in this Vancouver Island community during the weekend.

The body was pulled from the smashed coffin after a chain was tied around the ankles. It was left on the ground near the grave.

In other sections of the plot, RCMP officers said, crosses were torn from the graves to form barriers on the pathways.

Flowers were pulled up and markers were moved.

Tire marks on the ground indicated the desecrators had driven a car into the cemetery, police said.

Marvid Lockwood, president of the Somass Branch of the Canadian Legion, said the group was "horrified".

"No one could do a worse thing than desecrate a grave and the worst thing of all must surely be desecration of a veterans' plot."

Name Farmer At Stettler

STETTLER — Murray Rairdan, 32-year-old Stettler district farmer and purebred cattle breeder, was nominated Saturday as Liberal candidate for Stettler in the forthcoming provincial by-election.

The by-election, caused by the death of Social Credit member John E. Clarke, June 3, in a mass shooting-suicide, will be held sometime before December.

The Social Credit party will nominate its candidate Oct. 11. The CCF party also is expected to contest the seat.

The Stettler Liberal Provincial Constituency Association Saturday also elected Roy Willis, editor of the weekly Stettler Independent, as the association's new president.

REV. A. H. O'NEIL, M.A., D.D. who will speak at a Bible Society rally, Oct. 3 at 8 p.m. in the First Christian Reformed Church.

Bible Society To Hold Rally

Rev. A. H. O'Neil, M.A., D.D., general secretary of the British and Foreign Bible Society in Canada will speak at a Bible Society rally being held in First Christian Reformed Church located on 96 St. at 110 Ave., on Wednesday, Oct. 3 at 8:00 p.m.

Dr. O'Neil was appointed general secretary in 1952 and is the first Canadian to occupy this position. His predecessors have all come from the British Isles.

He is a man of rare distinction who left a key academic post to join the staff of the Bible Society. He was principal of Huron College, Western Ontario, for eleven years. In that time he has raised the college to a position of greater influence than it has known before.

Dr. O'Neil has other qualifications which are essential an an executive officer of the Bible Society. Those who have worked with him speak of his initiative, vision, optimism and leadership. Beneath his practical ability and immense energy the springs of his life rise in a deep personal faith, in which the Scriptures hold their central place.

He is a scholar, but with different parishes, and with interests which fit him well for a task such as that of the Bible Society which not only embraces the whole of Canada but is world-wide.

Upon being appointed general secretary, Dr. O'Neil visited the Bible House in London, England to observe the Bible Society administer its vast and vital world-wide task. He also spent some time travelling in Africa to get first - hand information of the society's work in that immense country where the need for Scriptures is so great.

Since then, through further travel, correspondence and study, he has become thoroughly acquainted with work of the Bible Society which is of vital importance to the spiritual and moral welfare of the world. This society renders a service to the churches without which missionary work would be almost impossible.

Dr. O'Neil always brings an informative and challenging message. Everyone is invited to hear him to learn more about the British and Foreign Bible Society.

This meeting has been arranged through the co-operation of the churches in the city and everyone is cordially invited to attend.

Bennett Back In Triumph

VICTORIA — Premier Bennett made a triumphant return to the capital as a crowd of 50 well-wishers assembled in a drizzling rain to cheer him and his wife after last week's smashing election victory.

There was no brass band, but a pair of brightly-clad pipers led the way off the ferry dock after Mr. and Mrs. Bennett arrived here from Vancouver.

They were met at the dockside by Greater Victoria Social Credit candidates, a few cabinet ministers, their wives, and others.

The preacher who knows it all isn't much of a preacher.

Princess Poses for Portrait Prior to Trip

Princess Margaret, scheduled to leave London Sept. 21 for a tour of East Africa, poses for a portrait in Clarence House, by photographer Cecil Beaton. She wears a dress of apricot silk, a five-stranded pearl necklace, and a diamond brooch. Princess Margaret's itinerary includes three days in Mauritius, three in Zanzibar, 10 in Tanganyika and nine in Kenya. She is scheduled to return to London Oct. 26.

$1,000,000 Ford Depot Most Modern In Canadian Automobile Industry

EDMONTON (BUP) — Hundreds of Edmonton residents have become the first citizens on the continent to view next year's designs at an advance showing of 1957 Ford cars.

The depot, built at a cost of $1-million, is the most modern of its kind in the Canadian automobile industry, according to Rhys M. Sale, Ford of Canada president. The centre is linked to points across Canada by a transceiver electronic communications system, the first installation of its kind in North America.

"The Edmonton depot represents another stage in Ford of Canada's $140,000,000 program of postwar expansion and modernization of facilities. The expansion has been undertaken on the strength of the firm's faith in the future of Canada, and faith in the future of the company," Sale said.

This year Edmonton will have at least 75,000 cars and trucks in operation, and within 10 years the city will have more than 100,000 vehicles, he predicted.

The entire population of the United States and Canada could be placed in the vehicles of both nations at one time, Sales added.

Alberta's premier Ernest Manning, in his address at the opening ceremonies, said ""It has been said that a new beatitude has come into being — blessed are they that go round in circles, for they shall be called big wheels."

Rhadamanthine Red

Offhand can you think of anything more impartial than a traffic light? — The Mason City (Iowa) Globe-Gazette.

Just about anyone can tell you how the election is coming out in November.

Find Body Lost With Sunken Tug

EDMONTON (BUP) — Northern transportation officials reported today that the body of 18-year-old Bruce Mosur, of Long Beach has been washed up on the shore of Lake Athabasca some 450 miles northeast of Edmonton.

The 30-ton tug with eight men aboard sank in 135 of water during a violent storm Aug. 26, with the loss of all hands.

General manager of the firm, F. W. Broderick says that the job of lifting the tug has been delayed by bad weather during the past few days. But the salvaging operation of the 75-foot vessel was expected to be completed before Lake Athabasca freeze-up in mid-October.

Retires After 42 Years Service

CALGARY (BUP) — Mrs. E. G. Mason recently retired after 42 years of active service in the Canadian Red Cross Society.

Best known for her work with the women's committee of the Alberta Division of the organization, Mrs. Mason intends to leave Calgary where she has lived since 1902 and will make her home with her son. G.A.R. Mason of Belleville, Ont. Her husband, the late Dr. Mason was one of the first doctors to arrive in Calgary at the turn of the century. He also commanded the 50th Battalion in France during the First World War.

Mrs. Mason who carries the highest honor the Red Cross can bestow, says age and infirmities have finally caught up with her "and I must give up those things that have been so dear to my heart". However she plans to continue to work for the Red Cross in Belleville part time.

Victim Of Rare Disease Visits Mayo Clinic

A three-year-old Calgary girl left this week for the world famous Mayo Clinic at Rochester, Minn., to be examined by specialists.

Little Georgina Kakayko has a rare disease, dermititis herpetisormis, that has every doctor in Alberta stumped.

To save her life, her parents, Mr. nd Mrs. George Kakayko and the Alberta Co-ordinated Council for Crippled Children, are sending Georgina to the Mayo Clinic.

It was a year ago that the Kakayko noticed their child developing a skin condition, which took the form of blisters.

Since then the child has been in and out of both Calgary General Hospital and the University Hospital in Edmonton for expert examination and treatment.

But despite the care of Dr. Allan Dixon in Calgary and Dr. Paul Rentiers in Edmonton, the child has steadily weakened to the point where the advice of leading American specialists is desired.

The Co-ordinated Council for Crippled Children will finance the trip to Rochester and back for the little girl and her mother.

Council director Clifford Wilmott has asked for contributions to help save Georgina's life.

Mrs. Jones was too Slow That's How it Started

. . . or at least that is how Roy Durstine put it.

He said: "Advertising came into the world when man became too impatient to wait for Mrs. Jones to tell Mrs. Smith that Brown's pickles were good."

The advertisers who each week use this newspaper to tell you about their goods and services are just like Mr. Brown and his pickles.

While they know that the best possible recommendation they can get is what Mrs. Jones says to Mrs. Smith, they also know it is good business, both for them and for you, when they invest consistently in weekly newspaper advertising.

Advertising, of course, is just telling a story to a number of people at the same time and in a way which creates belief and stimulates desire. The economic prices we have today are the result of mass production based on mass selling — another name for advertising. Advertising has consistently reduced prices by widening markets.

That is why, during National Weekly Newspaper Week, this newspaper pays a tribute to its advertisers — the men and women whose investments in newspaper advertising have raised the standard of living for each and every one of us.

National Weekly Newspaper Week

Teen-Agers Prove Capable Drivers In Alberta Car Roadeo Finals

The Alberta Roadeo Car Drivers' contest, in the finals for Alberta, held at Edmonton on Saturday, Sept. 22, in front of the parliament buildings was an amazing demonstration of exact, precise tests of driver skill, good judgment, keen eyesight and all around ability to handle a car.

Earl Pearson of Wetaskiwin took first, winning the Gordon Taylor trophy, with a score of 371; Billy Goodereau of Red Deer, another teen-ager, placed second, with a score of 369; L. J. Berrymay of Morinville, the only senior in the men's class to be in on the prizes, received third, with a 355 score.

Marilyn Upton of Calgary won the Yellow Cab trophy and scholarship of $250.00 as first in ladies' class. Mrs. Hannah Trottier, of Namao, winner in last year's Roadeo finals, who was second this year, had some tough luck in disturbing a marker and rolled a few rubber balls. These ladies made a very credible showing and need no handicap against their male opponents.

Other contestants, all winners in former local contests, held in their areas, are as follows: Earl Paulard, Vermilion; Marvin Loberg, Grande Prairie, winner of that district's first Car Roadeo; Ross Steed, Namao Airport; Clarence Moricall, 1955 champion, men's class; Dwaine Ferguson, representing the Lions Club, Vegreville; Lesley Mann, representing Medicine Hat Lions Club; Jimmy Shaw for Jasper Place Lions Club; Bob Banners, teen-ager, all the way from the Alberta side of the Saskatchewan border; J. Thoreau, representing AMA, Edomnton, and Jerry Van Patten from Camrose, representing the JC's there.

No person, who has observed these contests, can help but be deeply impressed by the skilfull handling of ordinary stock cars, in the five phases of driver tests.

Hon. Gordon E. Taylor was in attendance, with a staff of judges, who carefully supervised each driver in every test — foot rule and inches, smooth operation of the car. A rider, with each driver checked close adherence to the rules. Even a gadget of tumbling rollers was used to register any abrupt stop or too quick application of brakes.

At a banquet at the Glengarry Club at six o'clock, Hon. Gordon Taylor gove an interesting and instructive talk on the highway branch's efforts to reduce the serious loss of life on Alberta highways. He commented on the assistance given by the Alberta Safety League, Yellow Cab service and other organizations, to make Albertans safety conscious while driving on all roads.

Fearing a Foul

The Movie Director — Here's where you do a little rough boxing with a bear. When you get tired you can stop it by going down for the count of ten.

The Star — Fine? Are you sure the bear can count up to ten?

Hospital News

Patients admitted to hospital September 7 - 21 are as follows:

Mrs. Mike Petrowsky, Venice; Elsie Zatorski, Grassland; Mrs. Jack Parent, Wandering River; Marguerite Lavallee, L.L.B.; Wanda Mahowich, Hylo; Mrs. Ernie Cardinal, Imperial Mills; Ghazy Assif, L.L.B.; Duane Erasmus, Kikino; Emil Arndt, Bondiss; Mrs. Arthur G. Whitford, L.L.B.; Mrs. Winnie Turner, L.L.B.; Napoleon LaFleur, L.L.B.; Mrs. Jean Malouvet, L.L.B.; Sybil Quintal, L.L.B.; Roy Macor, Venice; Mrs. Katie Bourque, L.L.B.; Mrs. John Tesolin, Briereville; June Deschambeau, Barnegat; Ben Boostrom, Mile 151; Lawrence W. Beal, L.L.B.; Raymond Huppie, L.L.B.; Sylvan Moshuk, Hylo; Mrs. Mary Homeniuk, L.L.B.; Mrs. Edmond Ulliac Gourin; Mrs. Stanley Choptowy Venice; George Joncas, L.L.B.; Joyce Hewko, Sarrail; Mrs. Frank Ferro, Venice; Phyllis Pruden Beaver Lake; Raymond Shepherd Mile 168; Emil Francis, Imperial Mills; Mrs. Albert Bourassa, Gourin; Oliver Veillette, L.L.B.; Mrs. Noe Theroux, Lac la Biche; Delia Smallface, Beaver Lake; Nick Subchuk, L.L.B.; Mrs. Omer Lamoureux, Normandeau; Sam Benson, L.L.B.; Duane Bjorgan, Hylo; Hugh J. MacDonald, L.L.B.; Regina Gauthier, Plamondon; Vernon Trefz, Calgary; Willard Sullivan, Plamondon; Helen Juknies Hylo; John Chamzuk, Donatville; Rosie Cardinal, Mile 137; Mrs Gladys Halfe, Imperial Mills; Jimmy Boucher, Noral; Alcide Ulliac, Gourin; Jeanine Bosse L.L.B.; Mr. Edmond Huppie, L.L.B.; Mrs Albert Gaudet, Plamondon; Stepen J. Arndt, Bondis; Rocco Giacobbo, Venice; Debra Ladouceur, L.L.B.

Births recorded are as follows: Mr. and Mrs. Robert Greene, L.L.B., boy, Sept. 7; Mr. and Mrs. Glen Cardinal, L.L.B., boy, Sept. 9; Mr. and Mrs. Louis Richard, Plamondon, girl, Sept. 10; Mr. and Mrs. Jack Parent, Wandering River, boy, Sept. 11; Mr. and Mrs. Sam Larocque, Tweedie, boy, Sept. 12; Mr. and Mrs. Lawrence Turgeon, Normandeau, boy, Sept. 13; Mr. and Mrs. Calvin Kumpula Rich Lake, boy, Sept. 16; Mr. and Mrs. George Michetti, Hylo, girl Sept. 18; Mr. and Mrs. Mike Tupechka, L.L.B., twin boys, Sept. 21.

"ROUGHNECKS", members of a drilling crew, reach for the swivel during the process of "pulling pipe" at an Imperial Oil rotary drilling rig in the Leduc field. As the drill bores deeper into the earth, further sections of drill stem are added. When the bit is worn and needs replacing it is necessary to pull out all the pipe, section by sections, by means of the swivel attached to an overhead travelling block. The "pulled pipe" is stacked in a corner of the rig until the bit has been changed. Sometimes as much as a mile of pipe is pulled. When the new bit is installed, the process is reversed, the pipe is returned to the hole, and drilling is resumed.

Range Surveys For Edmonton-Vancouver Air Flights

EDMONTON (BUP) — Tenders are expected to be called next spring following surveys of a direct-line airway between Edmonton and Vancouver, according to federal mines and technical surveys minister George Prudham.

Prudham said that, contrary to reports, LF and MF ranges would be used along with the VOR (visible omni range) on the route.

He said the VOR had been used in flat country but had not been perfected for mountainous areas.

"I have been informed by transport department officials that, so far as they can see the present LF-MF system will always be needed for these airways," Prudham said.

Three Appointed To Cancer Staff

EDMONTON (BUP) — An Alberta order-in-council has appointed three Edmonton doctors to the staff of the Edmonton Cancer Clinic and has accepted the resignation of a fourth.

Those appointed are Dr. C. S. Dafoe, Dr. Guy K. Morton and Dr. S. J. Warshawski. The resignation of Dr. R. H. Horner, associated with the clinic since 1953, was accepted.

It's pretty easy to voice an opinion before one knows much about the subject involved.

District Agriculturist Notes

By J. S. LORE

With the fall season upon us it will not be long before the crops will be stored away and more attention given to livestock. This is the time of the year to plan your quality improvement program for the next year.

If you are a beginner or have somehow just never gotten around to doing anything about improving your stock, it would be a good idea to make arrangements to get the service of a good purebred bull for next year. If you do not have enough cattle of your own to buy a bull, try to arrange with a neighbor either to use his or maybe buy one in partnership with one of your close neighbors. The purchase of a good herd sire now, will repay itself many times in the future, not only in the price you receive, but in the pride you have in your stock. The month of November is a month that has a large sale of livestock, and if you wish to purchase a bull this fall or winter, it may be wise to attend one of these sales. If you cannot get away from your work, you can place an order with me, in Lac La Biche, and you can get a 10% reduction in the price of a purebred bull.

If you are an established rancher or have cattle up to the size which you wish to maintain, now is the time to start culling out those cows that give poor calves, and also any old cows that may not live another year. Cut them out of the regular herd and wean their calves, so that the cows can be fed a bit before they are shipped. It does not pay to ship anything that is not in good condition, so you should probably fatten anything you plan on selling, before you ship it.

Remember when you are purchasing a herd sire that he is going to be responsible for half the quality of the calves. Do not try to economize when buying a bull as it will prove costly in long run. There is a saying that I think is worth repeating here, "A good bull is half your herd, A poor bull is all of it".

Caslan

Mr. and Mrs. Michael Kowalchuk motored from Edmonton on a recent week-end and were guests at the home of the former's mother, Mrs. W. Giblak.

The road outfit which had been working in the Caslan vicinity during the summer has moved to another district.

Miss Gladys Henson spent a recent week-end visiting in Edmonton.

Students from Caslan attending high school in Lac la Biche are Marine Rosa, Leona Rosa, and Harold Krawchuk in grade 10; Helen Lukasuik, Bob Giblak, Russell Giblak, and Alex Gordon in grade 11; and Carl Lukasuik in grade 12.

Nick Wolansky is home after being a patient in the Lac la Biche Hospital.

Miss Evelyn Krawchuk has gone to Edmonton, where she plans to secure employment.

Mrs. F. Krueger and son, Alan, have gone to Edmonton, where they plan to reside for the winter.

The new room which has been built on the Caslan school is now ready for Roger Varze's class.

Bill Krawchuk motored to Edmonton recently on business.

Spruce Valley

Nick Zilinski was a recent business visitor to Edmonton.

Mr. and Mrs. Brownie Zilinski, Theresa, Evelyn and Melvin, of Athbasca, visited his sister and brother-in-law, Mr. and Mrs. Nick Zilinski, on Sunday.

Bernadette Kanarek was on the sick list and missed one week of school.

Connie Homeniuk celebrated her fifth birthday on Sept. 26.

Jennie Yurchak of Edmonton spent the week-end with her parents, Mr. and Mrs. Joe Yurchak.

Walter Yurchak of Drayton Valley is spending his two-week holiday with his parents here.

Mr. and Mrs. Karl Zilinski had as their Sunday guests her sister, Margaret and brother-in-law from Calmar.

Mrs. Rose Mahaden of Lac la Biche is staying with her son, Alex, here.

Nick Zilinski has traded his small combine for a Massey-Harris self-propelled combine.

Mr. and Mrs. Morris Brazell were Sunday guests of her parents, Mr. and Mrs. N. Bereziuk.

Mr. and Mrs. Stanley Korzenowski, Connie and Deborah of Violet Grove, were recent visitors at Mr. and Mrs. Peter Homeniuks'.

Mrs. Genoud, district nurse, held a clinic at the home of Peter Homeniuk on Sept. 27.

EVANGELISTIC SERVICES

St. Andrew's Church
LAC LA BICHE

Thursday and Friday Evenings, October 11 and 12, at 7:30 p.m. Speaker: The Rev. H. G. Macdonald, of St. David's Church, Edmonton. Come and bring your friends—all welcome.

Venice

Mrs. Ann Biollo visited in Edmonton recently.

Mrs. Stanley Chaptowy was a patient in St. Catherine's Hospital last week.

Mary Rossi and Delphine Giacobbo, both employed in the the Lac la Biche Hospital, were home for a few days.

Lola Badry spent the week-end at the home of Josephine Fornari.

Mrs. Dorothy Giacobbo spent a week-end recently visiting her husband in Anzac.

Mr. and Mrs. Peter Gingras from Edmonton spent a week visiting Peter's parents, Mr. and Mrs. Adolphe Gingras.

Val Biollo, Mary and Doreen Giacobbo from Edmonton were visiting here last week-end.

Grassland

First frost of the season occurred on Sept. 27, an unusually late date. Until that time flowers had been blooming in the gardens and everything was still green. Mrs. Putnam, especially, had some beautiful gladioli in her garden north of Grassland.

Richard Garnier and John Kolwich have secured jobs at McMurray.

Mr. and Mrs. Keith MacDonald and family have moved to Slave Lake where Mr. MacDonald is foreman with the Swanson Lumber Co.

Mrs. Leschyshyn was in the city for a few days for medical treatment.

Mr. and Mrs. Mandrusiak of Wandering River went to visit their daughter, Mrs. Lem McKenzie, recently.

A birthday party was held for Miss Vera Sawchyn on the occasion of her 16th birthday.

The Students' Union is in the process of being re-organized for the new school term.

The schools of the country are now getting their chance to do something to uplift the standards of humanity.

GOVERNMENT OF THE PROVINCE OF ALBERTA

Announces the Eighth Annual

MASTER FARM FAMILY AWARD

For 1956 to the following:

Alfred George Rose
RICINUS

John P. Rozmahel
VIKING

A. D. Fraser
TEEPEE CREEK

Wilfred L. McGillivray
COALDALE

The Master Farm Family Award is recognized by an award of $1000.00, an Engraved Plaque and a Name Plate for the farm entrance. The purpose of the Master Farm program is to find and honor those who have achieved notable progress in farming, homemaking and citizenship, and who, by their example, are encouraging interest in farming as a way of life. The Department of Agriculture is indeed proud and gratified with the high standard of attainment among the farm citizens of Alberta as revealed by the Master Farm Family Program.

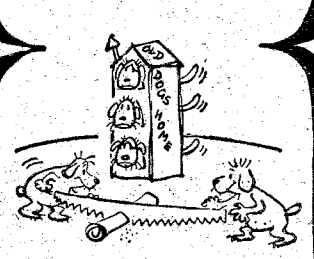
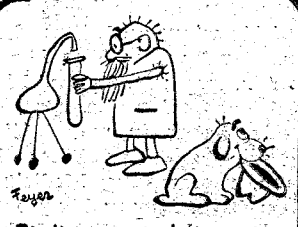
It takes money to make good gasoline



Gasoline quality has risen tremendously in the past few years. Two gallons of today's gasoline do the work of three in the '20s.



Finding new techniques to make these improved gasolines, and new equipment to put these techniques to work, has cost a lot of money.

Imperial, with by far Canada's most extensive oil research facilities, has spent 20 million dollars over the past ten years on research alone.

Imperial spent 65 million in the same period directly on new equipment to improve gasoline quality.

It's costing more and more money to make the gasolines required by today's more powerful cars.

IMPERIAL OIL LIMITED

Calgary Power Plant Goes On Production

EDMONTON — Calgary Power Limited's $8,000,000 steam electric generating plant went on test production Sunday at Wabamun, 40 miles west of here, as President G. A. Gaherty of Montreal announced plans to add another unit to the plant in 1960.

A new $8,000,000 unit is planned in addition to an order for a $6,000,000 generator, placed earlier with etropolitan - Vickers Co. of Manchester, England.

Present generating capacity is 66,000 kilowatts, which will be matched by the second unit. The third will produce more than 100,000 kilowatts.

The plant is the largest single-unit steam plant in western Canada, and will feed a 230,000 volt transmission line to Edmonton, built this year for $1,000,000.

The company is also making line extensions worth $1,500,000 to the Pembina oil area, 50 miles southwest.

The plant will use 20,000,000 cubic feet of natural gas daily from Mid-Western Industrial Gas Limited's Alexander field.

About 44,000 gallons of water a minute will be drawn from Lake Wabamun to the plant, and returned to the lake without contamination, company officials say.

Drew Resignation Comes As Shock

Alberta Progressive Conservative Leader J. Percy Page said that the resignation of Mr. Drew, while not entirely unexpected, will nevertheless come as a distinct shock to the public generally and particularly to the members of his party.

"His work as leader of the Conservative government in Ontario was outstanding, but his transfer to Ottawa carried with it such a great personal load as to endanger his health. He was one of Canada's finest orators, and his services were always in demand throughout the country. This constant travelling plus the long and arduous parliamentary session, have finally taken their toll."

Mr. Page added, "his distinguished war service record, as well as his outstanding record at both Toronto and Ottawa, will not soon be forgotten."

Alberta Premier Ernest Manning was not immediately available for comment on the announcement of Drew's retirement.

Heavy Meat Consumption

With the exception of the war years 1943 and 1944, per capita consumption of meat in Canada last year was the highest for may years. It totalled 151.5 pounds per person. This figure included 72.0 pounds of beef, the highest for many years, 8.8 pounds of veal, 2.8 pounds of mutton and lamb, 58.0 pounds of pork, 5.7 pounds of offals, and 4.2 pounds of canned meats. In addition, Canadians ate an average of 29.7 pounds of poultry each.

PASSENGER FARE INCREASE NOT SOUGHT BY RAILWAYS

OTTAWA (BUP) — If increased fares is a way to make more money, the Canadian Pacific Railway would try to up its rates, but it is not contemplating such a move, a company official said Tuesday.

The CPR's assistant general traffic manager, Charles D. Edsforth, said this at the Board of Transport Commissioners' hearing of applications by the two major railways for a further eight per cent increase in freight rates.

The board granted an interim increase of seven per cent last June 18 pending their decision from the current hearing.

Edsforth, a star witness for the railways's case, was under cross-examination throughout the day and part of Monday's session. He is scheduled to continue Wednesday.

The subject of a possible application by the CPR for higher fares was broached earlier, while Edsforth was being questioned by Clarence Shepard, representing Manitoba.

They were discussing the revenue losses on the passenger side compared with the profit or freight.

Shepard asked: "Are you contemplating any increase in passenger rates?"

Edsforth replied: "Not to my knowledge."

Asked to explain "why not," Edsforth said the CPR's traffic officials did not think such an increase would yield as much as a freight rate hike because it would result in fewer passengers

Shepard asked: "They think if they put a seven per cent increase on train fares between Winnipeg and Ottawa, they would all stop riding the train?"

"Not all of them, but some of them," Edsforth said.

The subject arose again when James Frawley, representing Alberta, was questioning Edsforth.

Frawley reminded Edsforth he had told Shepard that the company would lose more than $25 million on its passenger service in 1956.

"It isn't being loose with the English language to say that it is the freight traffic which carried the passenger loss," Frawley commented. Edsforth said: "Freight traffice produces our biggest amount of revenue."

"And," Frawley continued, "you are content to put that on your freight traffic rather than initiate any proceedings to increase passenger rates."

Edsforth leaned forward in the witness stand and replied: "If we thought we could get more money from an increase in passenger rates I am sure we would do so. We do not think that."

"Because you feel that the freight traffic is there to keep you solvent?" asked Frawley.

"No," Edsforth replied, "we simply feel that an increase in passenger fares would not produce additional revenue."

"So you become philosophical about the passenger loss," Frawley said. He got the answer: "We are not being philosophical about it."

New Plants, Plant Improvements In Alberta Dairy Industry

Edson Dairy Limited moved into their new plant on Aug. 1, and are planning an "Open House" at a later date. Modern equipment and separate accommodation for eggs make this an up-to-date plant.

Barrhead Dairy has just about completed the new plant. This will be occupied the latter part of September.

Central Peace River Dairies is building a milk plant at Rycroft to supply mik to Spirit River and surrounding areas. It is expected that the new plant will be in operation in October.

Athabasca Creamery Limited has made extensive improvements to the plant. New floors, together with a new milk processing department and greatly enlarged cold storage facilities, have improved this plant considerably.

The Northern Alberta Dairy Pool Limited has made numerous alternations to the cheese factory at Bruderheim. Improvements include the installation of natural gas and sanitary wash rooms.

Students' Union Elects Officers

Annual election of officers of the Esther Students' Union was held in the new school at Esther Friday with Ian Nelson elected as president and Phyllis Affleck as secretary. Meetings are to be held on the first Friday of each month.

A school orchestra is being reorganized this year and all members of the Union, who are musically inclined are invited to join.

The new materials used in sweaters are certainly impressive these days, especially on co-ed campuses.

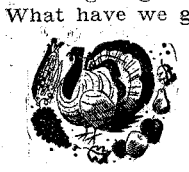
THANKSGIVING TREATS MEAN TURKEY

A spirit of gratefulness is renewed in each one of us as another Thanksgiving Day approaches. What have we got to be thankful for? — For a million things, and one of them, the bountiful garden yields this year. This to a lot of you means practically half of your winter's food supply. But we don't have to dig very far to find other blessings for which to be grateful — the kindness of our neighbors, our health, freedom from war, disease, our families, our eyes alone are a great gift and endless other material goods we've acquired.



One of the ways we traditionally celebrate Thanksgiving Day is feasting. And the king of the feast is usually the turkey. The aroma is tantalizing, the appearance tempting and the flavor tops. Nobody can resist it.

Here's how to have your turkey the best ever. — An oven temperature of 300 to 325 degrees F. should be maintained throughout the roasting period and allow from 25 to 30 minutes per pound. When planning your poultry stuffing recipe, allow 1½ slices bread for each serving and you'll need three slices of bread for every pound of turkey to fill the cavity. For safest results, bread stuffing should be mixed immediately prior to use—not the night before. If you must make the dressing the day before, store it separately from the turkey in the refrigerator.

For something different in your dressing this year try adding chopped walnuts, raisins and chopped apple to your seasoned bread mixture.

Whatever the bird, turkey, duck or the old red rooster, well roasted with a delicious bread stuffing it will surely please the most particular palate. And in doing so just add to our already enormous list of bounties.

Spruce Valley

Mrs. G. J. McAuley and Danny are back home for a week.

Bernadette Genevieve Kanarek is confined to bed for one week.

Teresa Echo, Martha Maria and Rosalie Eleanor Kanarek were sick recently.

Constance Lynn Homeniuk celebrated her fifth birthday on Sept. 26.

Church Notices

THE ANGLICAN CHURCH OF CANADA

Frains

Fred Ustina from Edmonton is having three weeks' holiday for threshing.

Lawrence and Albert Nahorney from the city were home during the week-end to help with threshing.

Archie Shwetz from the city was home recently.

Mr. and Mrs. Soliski of Edmonton and son, Bill, also Mr. and Mrs. Don Soliski of Boyle, were visitors at the Waselenchuk and Pfau homes last week-end.

Alexander Holowenko has joined the RCAF.

George Waselenchuk helped Mr. Trudeau with combining for a few days.

Atmore

The honey harvest is now at hand. When one calls on the A. Bouviers these days a sweet fragrance greets you. However, the bees were not as productive this year according to the owners. This was largely due to adverse weather conditions early in the season and cold weather early in September.

A. Bouvier was confined to bed last week.

Fred Boulanger is back from a hurried trip to the west coast where he attended the funeral of his uncle, Henry Boulanger. H. Boulanger was well known to many of the Atmore district. Of late years he and his wife had resided at Haney, B.C.

Helen Lekochinski has accepted a position with an Edmonton bank.

Mr. and Mrs. R. Matheson and Peggy motored to Meanook last Friday.

R. Vincent was a business visitor to Edmonton last week.

Mike and Harry Petryk are now attending the University of Alberta. Mike has entered the College of Dentistry, while Harry is taking his first year in the College of Education.

Owl River

Master Walter Kuncio and James Munawich visited overnight in the west side of the community recently.

Joe Johnston has returned home from British Columbia, where he has been employed in a lumber camp.

The new road is progressing steadily. It is believed that it will be completed long before the snow flies.

William and Joe Johnston attended the performance of the Grand Old Opra Show in Edmonton.

Mr. Marion Diesel is harvesting his brother Raymond's crop near Lac la Biche.

Plamondon

Mr. and Mrs. Nick Hrynyk, Linda and Howard attended a wedding at Waskatenau recently.

Mrs. Philip Plamondon and daughter, Verna, have gone to Edmonton. Verna was in the Royal Alexandra Hospital where she underwent surgery. She is now taking surgical treatments and is slowly recovering.

Miss Alvine Plamondon is a new employee in St. Catherine's Hospital at Lac la Biche.

Week-end visitors included Mrs. John Ashacker and son, Jimmy, of Edmonton; Mr. and Mrs. Hal Goodwin and Sven of Calmar, and Mildred Dragon of Edmonton.

Charron

Edmond St. Jean from Anzac was home for a few days recently.

Mr. and Mrs. Bill Holst motored to Ellscott where they visited Mrs. Holst's parents, Mr. and Mrs. Harris.

Louis Ilnicki has purchased a cafe in Boyle and will be open in business in the near future. The former owner of the cafe was Jack Swetyk.

Threshing and combining has again commenced in the district.

LLB—Oct. 2 WW

'Hylo

Miss Marie Lozinski from Vancouver is visiting at the home of her parents, Mr. and Mrs. Alex Lozinski.

Local patients in the Lac la Biche Hospital are Mrs. M. E. Smith, Carol Stratichuk, Phyllis Michetti and Clare Piven.

Miss Irene Wochuk is spending a few weeks' holiday with her parents.

There has never been anything cuter than your child.
